**Board Note:** The Workforce Board is a business-led policy and decision-making body. Workforce Boards were created under a 1998 federal law called the Workforce Investment Act (WIA) with a mandate to create a workforce development system that meets the needs employers for qualified workers and by expanding employment opportunities for residents.

Beyond what WIA mandates, the Workforce Board has become a key player in the economic growth and competitiveness of our local area and the region. In this larger role, the Workforce Board functions as a convener, an innovator, and a facilitator of strategic partnerships between the private sector, non-profit agencies, educational institutions local elected officials local government agencies, labor, and job training and education programs.

This board is required to be comprised of a minimum of 51% private sector members. In addition, there are a set of required public sector appointments. Roughly one-third of the board is appointed each year. For more information on the make-up of the board, please contact the County Executive's office or Pat Fera in the WIB office.
